With Simply and CHA, choosing a PCP is simple
When you join Simply and CHA, just pick a PCP for you and your children from this directory. Each eligible family member can pick their own PCP. Your PCP will give you all the basic healthcare services you need. They will also send you to other doctors or hospitals when you need special healthcare.

To view the most up-to-date list of Simply and CHA plan providers, go to our member website. Then, select **Find a Doctor**. For help or information about your benefits, please call Member Services or visit our website.

Get specialty care when you need it.
Your PCP will send you to other doctors or hospitals when you need special healthcare. This is called a referral. You can get specialty services, like chiropractic care, podiatry (foot care), or gynecology (OB-GYN), without a referral from your PCP.

Please review your member handbook, ask your case manager, or call Member Services for more information about how to get specialty care.

How you can help your children stay healthy
Babies and children need more care to get a good start in life. That's why it's important for children to get well-child checkups on time. These visits help providers find health problems early, when it's easiest to take care of them.

During a wellness visit, your child will get things like:

- Height/weight checks.
- Vision screening.
- Hearing screening.
- Laboratory tests.
- Tests for TB, lead, and other health problems.
- Vaccines.

If you need help finding a PCP for your child, please visit our website or call Member Services.

Patient Centered Medical Homes

A patient centered medical home (PCMH) is healthcare that's all about you. It's between you and your provider. Your provider leads a team of healthcare professionals in a medical office to help improve your total health and reach your health goals. Your PCMH team will have a provider you pick. With a PCMH, you can:

- See your PCMH team every time you need care.
- Get answers to your healthcare questions.
- Set short- and long-term health goals.
- Make the best choices for your healthcare.
- Have more scheduling options.
- Get quality healthcare and meet your mental health needs.

The providers in this chapter have been recognized as PCMHs by national accrediting groups. These providers are PCMHs because of what they offer to our members. The groups that recognized these providers as PCMHs are:

- The National Committee for Quality Assurance.
- Utilization Review Accreditation Commission.
- Accreditation Association for Ambulatory Health Care.
- The Joint Commission.
- Other PCMH recognition programs like those offered through colleges.

To pick a recognized PCMH, look at this chapter. Recognized PCMHs have a team of healthcare professionals working together for your healthcare needs.

Hogares Médicos Centrados en el Paciente

Un Hogar Médico Centrado en el Paciente (PCMH) se traduce en cuidado médico que se centra en usted. Es entre usted y su proveedor. Su proveedor dirige un equipo de profesionales médicos en un consultorio médico para ayudar a mejorar su salud general y alcanzar sus objetivos de salud. Su equipo de PCMH tendrá un proveedor que usted elija. Con un PCMH, usted puede:

- Consultar a su equipo de PCMH cada vez que necesite atención.
- Obtener respuestas a sus preguntas sobre cuidado médico.
- Establecer metas de salud a corto y largo plazo.
- Tomar las mejores decisiones para su cuidado médico.
- Tener más opciones de programación.
- Recibir atención médica de calidad y satisfacer sus necesidades de salud mental.

Los proveedores de este capítulo han sido reconocidos como PCMH por grupos nacionales de acreditación. Estos proveedores son PCMH por lo que ofrecen a nuestros miembros. Los grupos que reconocieron a estos proveedores como PCMH son:

- El Comité Nacional de Aseguramiento de la Calidad.

- La Comisión de Acreditación de Revisión de Utilización.
- La Asociación de Acreditación para la Atención Médica Ambulatoria.
- La Comisión Mixta.
- Otros programas de reconocimiento de PCMH como los que se ofrecen a través de las universidades.

Para elegir un PCMH reconocido, consulte este capítulo. Los PCMH reconocidos cuentan con un equipo de profesionales de la salud que trabajan juntos para sus necesidades médicas.

Essential Providers /Los proveedores esenciales

Essential Providers are statewide resources that Medicaid SMMC Plans must include in our network, even if the provider is outside of the region served by the Plan. These include various hospitals and physicians, such as Florida medical school faculty physician groups, Regional perinatal intensive care centers (RPICC), and Specialty children's hospitals.

Los proveedores esenciales son recursos a nivel estatal que los planes de Atención Administrada de Medicaid del Estado (SMMC) deben incluir en nuestra red, incluso si el proveedor se encuentra fuera de la región en la que presta servicios el plan. Estos incluyen distintos hospitales y médicos, como grupos médicos del cuerpo docente de la escuela de medicina de Florida, centros regionales de cuidados intensivos perinatales (RPICC) y hospitales infantiles especializados.
